HS 1000 OPTIONS

EQUIPMENT SELECTABLE

The HS 1000 is a lifting table that moves heavy loads – either via a foot lever or a battery-operated unit, which can be used to electrically adjust the height. Both systems have one thing in common: They bring workpieces to be processed to the level required for ergonomic work. A wide range of accessories ensure that you have the right table.

BEECH MULTIPLEX WORKTOP

Suitable for HS 1000, screwed onto the platform, the plate is coated with linseed oil

Platform	1,700 x 1,000 x 30 mm
Weight	approx. 40 kg

ART.: 193.700.00

RECOMMENDATION!
