

HS 200

LIGHTWEIGHT ALUMINUM CONSTRUCTION | FH

PAYLOAD
up to 200 kg

PLATFORM SIZE
1,000 x 600 x 3 mm

OVERALL HEIGHT
max. 1,010 mm

**IDEAL FOR EVERY
SERVICE TECHNICIAN**

As a qualified company in the field of height-adjustable lifting and work tables with decades of experience, we are always willing in the development of our products to find simplifying and facilitating solutions for problems that arise in everyday work. One of these areas is the use of height-adjustable, ergonomic lifting and work tables also for locations outside the company - by service technicians or craftsmen, for example. For this purpose, we offer our NIVEAU lift table HS 200 Alu-Line from our large product range. Made entirely of aluminum, it is versatile and easy to stow away in the service vehicle

Useful stroke	610 mm
Height of the lifting table	400 mm
Weight	approx. 35 kg
4 swivel castors (wheel ø 125 mm), 2 of them with brake	

ART.: 180.100.00

 THAT'S WHY WE ALWAYS
 HAVE YOUR BACK PREVEN-
 TION IN MIND DURING THE
 PRODUCT DEVELOPMENT
 OF OUR HEIGHT-ADJUSTABLE
 LIFT AND WORK TABLES.
**YOUR BACK PREVENTION IN
 MIND – FOR YOUR FIT AND
 HEALTHY FUTURE.**

HIGHLIGHT

THAT MAKES THE HS 200 SPECIAL:

1

The lifting table is brought to working height with millimeter precision via the hydraulic foot pump.

2

The scissors are additionally reinforced and thus offer a high level of stability when working.

3

Equipped with rollers and brakes, the lifting table can be moved and fixed flexibly.

4

For the HS 200, small minimum size means only 400 mm high and 35 kg light.
