VERSATILE AND INDIVIDUALLY APPLICABLE – THE LIFTING TABLE AS WORK EQUIPMENT

The lifting table is the ideal, ergonomic aid in the joinery, in industrial production, in the car workshop and also in the hobby room. A height-adjustable work table is a constant companion in daily work and offers not only easy handling but also health protection for the worker, in every form and in the industry.

SILVER-LINE SL 2000

With a minimal weight, the Silver-Line carries loads of up to 2,000 kg and is therefore ready for any application, whether in the wood or metal industry. Top price thanks to large-scale production of the lifting tables – **made in EU.**

Useful stroke	810 mm
Height of the lifting table	200 mm
Total height	max. 1,010 mm
Platform	1,300 x 800 mm
Lifting time with load	21 s
Electrical connection	400 V / 50 Hz, 0.75 kw

approx. 240 kg

Payload: 2,000 kg

ART.: SL 2000

OPTIONAL: ADJUSTABLE BASE FRAME

Optionally, you can order the adjustable base frame for our Silver-Line lifting tables at the same time. This means that the lifting table can be picked up by a forklift truck and moved to different locations.

Height of the lifting table	200 mm + 100 mm
-----------------------------	-----------------

ART.: 4020035

APPLICATION POSSIBILITIES:

- + Two-wheeler and car workshops
- + Wood, plastic and metal workshops
- + Tool and mechanical engineering
- + Industrial final assembly
- + Repair shops
